MEMORANDUM FOR DISTRIBUTION

SUBJECT: Selection of FY06 Coalition Warfare (CW) Projects and Funding Plan for
PE 0603923D

This memorandum notifies sponsors about which ongoing and new-start CW projects will be funded in FY06. In 2005, we received over 35 nominations for CW funding. The competition was very rigorous this past year, and we appreciate the amount of time and effort involved in crafting every one of the candidate proposals.

Please note that all funding is contingent upon receipt by OSD of appropriated funds from Congress and programmatic and fiscal progress on the part of each project. In order to both accommodate the desired number of new-start projects and fund the second year of effort for on-going initiatives, projects must appropriately and adequately meet the goals and schedules that are stated in the spend plans and statements of work.

The following four projects will be funded for their second year during FY06:

**Allied Wide Area Network Radio Frequency Controller (USN SPAWAR)
Coalition Communications Interoperability Guide (USPACOM and JITC)
Leadership Development, Commander's Intent and Operational Readiness
in a Network Centric Warfare, Coalition Environment (USN NAVAIR)
Navigation Warfare Electronic Support (NSA)**

The following nine new-start projects will be funded during FY06:

**Coalition Airspace Management and Deconfliction (USAF AFRL)
Geolocation and Identification Enhancement (USN SPAWAR)
Maritime Information Exchange (USPACOM)
Maritime Coalition Interoperability through the Coalition Distributed
Engineering Plant (USN NAVSEA)
Global Coalition In Transit Visibility Network (JFCOM)
Shared Tactical Picture-Ground (USA CECOM)
Small Boat Modeling Validation (USN ~~SPAWAR~~ NAVSEA)
Over the Horizon Tactical Tracking System (USN SPAWAR)
US/ROK Ground Battlefield Simulation Interoperability (USFK)**

Beyond the thirteen projects listed above, CW will not fund other proposals during FY06 unless additional, mid-year funding becomes available to OUSD

(AT&L)/IC. The call for proposals for the FY07-FY08 time period will soon be distributed for the next selection year.

Request that sponsors of above-listed projects forward project-related data requested (see attachment) to OUSD (AT&L)/IC no later than October 14, 2005. Any "N/A" responses must be fully justified. In the absence of a statement of work, spending plan and identified means of transferring funds, AT&L/IC will not be able to release CW funds to sponsors. Points of contact are Lt Col Rob Dominguez, Deputy Director for Coalition Warfare: (703) 697-1130 (Ext. 2), Robert.dominguez@osd.mil and Ms. Merry Lutz, (703) 697-1130 (Ext. 7), merry.lutz.ctr@osd.mil.
